DESCRIPTION

Effective Student committed to learning, developing skills in Software Engineering and team contribution.
Self-directed and energetic with superior performance in both autonomous or collaborative environments working independently and collaborating with others on group projects.

SKILLS

Technical Skills: Python, Java, SQL, HTML, CSS, JavaScript, Git and GitHub

Soft Skills: Team Player, Self-Motivated, Good Communicator, Problem Solver, Enthusiasm and a willingness to learn

PROJECTS

Movie Rating System  | *Java, Swing, MySQL*

- Developed a system that provides information about movies as well as their cast and crew.
- The system allows users to create an account to review the movies.
- Admin credentials, and interface.

School Management System  | *C++, Makefile*

- Developed a program to manage the data for a school with students and courses
- Implemented the program using objects from the different classes, based on a UML class diagram.

Book Club Website  | *HTML, CSS, JavaScript, PHP, SQL*

- Developed a web application for the Book Club at Effat University.
- Implemented a full stack, database-driven web application that requires admin credentials.

Numerical Methods  | *MATLAB*

- Implemented some of the numerical solutions for non-linear equations.
- Algebraic equations: Bisection, Newton, and Secant methods.
- Differential equations: Euler, Taylor, and Runge-Kutta methods.

EDUCATION

Effat University

August 2020 – Present

- BSc in Computer Science
- Dean's List for four semesters
- Programming Club Founder and Leader 2022 – present
- Google Women Techmakers Ambassador 2022 – present
- Core Team in GDSC Effat (Google Developer Student Club) 2021 – present
